Burning Permit Application

You may be found liable if your fire escapes and requires fire department assistance. You will be responsible for any costs and damages that are accrued as a result. This includes property damage and fire department costs.

Burning of clean untreated wood, “non-recyclable” paper products and vegetation is permitted. Burning of plastic, recyclable paper, cardboard, garbage, asphalt, treated or painted wood, rubber or oily substances, or structures of any kind (garage, barn, shed, etc.) **is illegal**.

To determine if it is permissible to burn, go to dnr.wi.gov and type in keyword “fire” or call 1-888-WIS-BURN (947-2876).

The day you plan to burn, you are required to contact the county dispatch at **715-261-1200** and provide your address and phone number. If you do not make this contact and someone calls the fire into the fire department, you will be responsible for all costs.

The fire must be attended at all times and totally extinguished before you leave the area. No burning is permitted on Sundays.

Remember, open burning is not a right; it is a privilege and can be taken away. You are responsible for all damages and costs if your fire gets out of control.

ACKNOWLEDGEMENT:

By signing this 5-year burning permit, I hereby acknowledge that I am 18 years of age or older and understand the conditions of this permit. Any non-compliance shall be considered a permit violation.
